ENERGY SAVING/ENVIRONMENTAL FEATURES

- Medallion Homes is *nationally recognized* for energy-efficient and environmentally-friendly building practices
- Certified **ENERGY STAR**® Environmental Homes
- Each Medallion Home is *individually tested for energy efficiency by a third party*
- Certified CPS Smart Energy Builder
- Energy-efficient **Trane 14 SEER A/C** featuring 410A, a non-freon coolant (doesn't harm the ozone layer) with gas furnace. Also includes variable speed air handler to clean, circulate, and dehumidify air more effectively
- **Safety condensate switch** to shut off the A/C unit if water is detected in the pan
- *Mastic sealed and blast tested* R-6 ducts to reduce heat exchange
- 4" pleated media air filter located at the return air plenum
- **Honeywell**® programmable thermostat designed for energy savings and maximum comfort
- **TechShield**™ radiant barrier roof decking to reduce attic temperature
- *Continuous* soffit and ridge vents for efficient attic ventilation
- **Cellulose insulation** for maximum protection against air, sound and pest infiltration. Also increases fire safety
 - R-30 blown cellulose insulation at flat ceiling
 - R-19 blown cellulose insulation at sloped ceiling
 - R-13 blown cellulose wall insulation
- **Key Sealing System**™ to reduce air infiltration – polycel foam sealant around doors and mechanical penetrations of the exterior envelope
- Low Emissive double paned windows are specially coated to *reduce solar heat gain* (keeps your home cool in the summer and warm in the winter and also protects against fabric fading)
- **Thermosheath** fiber-reinforced sheathing behind masonry walls minimizes unwanted air movement through the wall cavity and contributes to higher energy efficiency
- Exterior door weather stripping to reduce air infiltration
- **Vanguard Manifold Plumbing System** for faster hot water delivery, reducing the amount of water wasted
- High recovery, high efficiency 50 gallon gas water heater
- *Finger-jointed wood studs* for straighter walls, maximum strength and less environmental impact
- Insulated fiberglass front door with *glass* insert
- Water-efficient Bermuda Tifway 419 sod
- Comfortable *elongated water-saver commodes* throughout
- Exhaust fans vented to the outside in kitchen, baths and utility room

12/2/08

¹ Medallion Homes received the highest numerical score in San Antonio in a tie in the proprietary J.D. Power and Associates 2007 New-Home Quality StudySM. Study based on 50,401 total responses in 34 markets, measuring 15 builders in San Antonio (Bexar, Comal, Guadalupe, and Wilson counties) and measures opinions of consumers who purchased a new home in 2006. Proprietary study results are based on experiences and perceptions of consumers surveyed in March-July 2007. Your experiences may vary. Visit jdpower.com
